

Environment Agency – Abu Dhabi (EAD) Quality, Environment, Health and Safety (QEHS) Policy

Our Vision

"Towards a sustainable environment for a sustainable future"

Our Mission

"To protect and conserve the environment for people's well being and a better life for all"

Our Strategic Priorities

1. To develop and implement an effective environmental regulatory and policy framework for Abu Dhabi
2. To conserve groundwater through integrated water resources management
3. To conserve and protect biodiversity
4. To ensure our air is clean and to minimise climate change and its impacts
5. To promote sustainable communities and engaged stakeholders
6. To continually improve the way we work

The Environment Agency – Abu Dhabi (EAD) is a governmental agency established in 1996 with the overall functions of protecting the environment and conserving natural resources and biodiversity, building environmental knowledge and awareness, conducting environmental research, as well as promoting sustainable development in Abu Dhabi Emirate. The Agency is also responsible for implementing environmental laws and regulations in the Emirate.

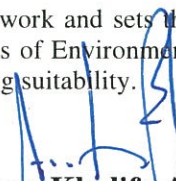

Our Policy and Commitment

We, the Environment Agency – Abu Dhabi, are totally committed to perform our services in a safe, effective, efficient, timely and environmentally responsible manner through our pioneering directives, expertise and leadership. In doing so, we shall strive to provide excellent services and advanced technological solutions to our customers.

To realize our vision, mission, and goals and strategic priorities, we shall exert every effort to achieve the following in all of our activities:

- Gaining the confidence and trust of our supervising bodies, employees, stakeholders, partners, customers and the public through strict adherence to all applicable laws, regulations, best practices and Environment, Health and Safety Standards;
- Adopting a proactive approach and setting an excellent example for other governmental and private sectors by implementing our Quality, Environment, Health and Safety (QEHS) Management System and through applying scientific knowledge, using resources in a sustainable manner, and utilizing best available clean technologies in all our activities;
- Ensuring the satisfaction of our valued stakeholders, customers and other interested parties through simplified procedures, customer-oriented approach, prompt and excellent services;
- Providing appropriate resources, training, awareness and education to all levels of personnel involved in our activities to enable them to fulfil their responsibilities and meet our Quality, Environment, Health and Safety Policy and Objectives;
- Conducting all our business operations in such a manner as to protect and conserve the environment; to prevent pollution, and to prevent all risks to human health and safety as well as the environment;
- Working diligently to resolve Quality, Environment, Health and Safety issues that may arise from our operations and the use and/or application of our equipment, technologies and services;
- Systematically monitoring, measuring, reviewing and taking effective actions to mitigate adverse risks and enhancing positive impacts on the Quality, Environment, Health and Safety of all our activities;
- Communicating our Policy and Objectives to all our employees, stakeholders, partners, customers, interested parties and the public; and
- Continually improving the effectiveness of our Quality, Environment, Health and Safety Management System through periodic monitoring and review of its performance and suitability.

The above Policy provides the framework and sets the basis for establishing and reviewing our objectives at all relevant functions of Environment Agency – Abu Dhabi (EAD). It will be reviewed periodically for continuing suitability.

Razan Khalifa Al Mubarak
Secretary General
Environment Agency – Abu Dhabi
